“Popular music and unusual instruments with a Symphony Orchestra”

The project emerged in 2013 along with the Burgos Symphony Orchestra (OSBU) directed by Javier Castro. Two years later, it was completed with a week of programs for schoolchildren and a concert, together with the prestigious Symphony Orchestra of Castilla & León, at the Miguel Delibes Symphony Hall in Valladolid. In May 2022, Fetén performed concerts of this same project with the Tyrolean Symphony Orchestra and the Nuremberg Symphony Orchestra. Fetén Symphonic is a contemporary reading of traditional music in which the duo's own compositions are orchestrated by Diego Galaz, Miguel Malla, Ignacio Cantalejo and Pascual Piqueras.

Orchestra format: 1 flute, 1 oboe, 1 clarinet, 1 bassoon, 2 horns, 1 trumpet, 1 trombone, 3 percussionists, 4 1st violins, 3 2nd violins, 3 violas, 2 cellos, 1 double bass (strings expandable to 8, 8, 6, 4, 2).

Fetén Fetén is much more than just a musical project created by Jorge Arribas and Diego Galaz, it is the language of the soul made into harmony. More than a thousand concerts offered around the world make up the professional career of Diego and Jorge, who dynamically take us on a journey through our own essence with these performances in a way that is fun and full of enjoyment for all types of audiences..
